Cleaned Grant Files - README

Note - All cleaned spreadsheets have had the following columns altered: grant.type, award.amount, eligible.cost, application.received, award.date, county, state, ZIP.code, region, and census.population. All other columns received a general cleaning, but I did not go in and specifically change values row by row like I did for the above variables of interest

- 1974cleaned: spreadsheet. Cleaned version of the “EPA GRANTS 1974.xlsx” file. Cleaned variables of interest
- 1975cleaned: spreadsheet. Cleaned version of the “EPA GRANTS 1975.xlsx” file. Cleaned variables of interest
- 1976cleaned: spreadsheet. Cleaned version of the “EPA GRANTS 1976.xlsx” file. Cleaned variables of interest
- 1977cleaned: spreadsheet. Cleaned version of the “EPA GRANTS 1977.xlsx” file. Cleaned variables of interest
- 1978cleaned: spreadsheet. Cleaned version of the “EPA GRANTS 1978.xlsx” file. Cleaned variables of interest
- 1979cleaned: spreadsheet. Cleaned version of the “EPA GRANTS 1979.xlsx” file. Cleaned variables of interest
- 1980cleaned: spreadsheet. Cleaned and combined version of the spreadsheets in the “splits_1980.zip” folder. Cleaned variables of interest.

- Unfiltered master spreadsheet: spreadsheet. Combined spreadsheet of the contents of the 7 cleaned spreadsheets above for convenience. No data was altered in combining the 7 spreadsheets. Includes all variables present across the 7 spreadsheets
- Master spreadsheet: spreadsheet. Combined spreadsheet of the contents of the 7 cleaned spreadsheets above with data alteration. Some data is excluded from this spreadsheet due to being unable to be useful / cleaned (ex: September 1977). Only the variables we are interested in are included. Extra variables are introduced for their purpose in data analysis
